PREVENTION IS EVERYBODY'S BUSINESS

The year 1959 was fortunate from a forest fire standpoint. New Hampshire had the best record in the nation. Fewer acres were burned, suppression costs were substantially reduced and damage to woodlands held to a minimum. The record resulted from a combination of favorable weather conditions, an alert warden service and a cooperating public.

Yet, despite all this, there still persists a disturbing note.

58%, or 6 out of every 10 fires in 1959 were caused by careless smokers

10%, or 1 out of every 9 fires was caused by children.

Careless, indifferent, thoughtless and independent minded individuals and failure of parents to properly supervise children and keep matches out of their reach, annually cause these unnecessary fires which cost large sums to extinguish and cause extensive damage. The elimination of these three causes of fires would radically change this picture. The rules are simple —

1. Before burning, secure a permit from your local forest fire warden — the law requires it.
2. Be sure to properly supervise your burning.
3. Make certain your fire is DEAD OUT before leaving it.
4. Don't throw lighted matches, cigars and cigarettes from moving vehicles — use your ash tray.
5. Don't burn at home — Use your town dump and save yourself much possible difficulty, both personal and financial.

Number of local fires — 3

Number of acres burned — $\frac{3}{4}$

Number of permits issued — 35

LIBRARIAN'S REPORT OF THE PILLSBURY FREE LIBRARY

To the Trustees of Pillsbury Free Library:

In March, a Neighborhood Meeting was held in the library. Miss Margaret Stroud and Mr. Roy Thomas from the State Library spoke on "Selecting books." New books were displayed. Librarians and trustees from towns in this area attended.

The Institute of World Affairs served a tea in the Historical room of the library in August. A book exhibit was displayed at that time. More books were added to the Robert Library.

During National Book Week, the first grade pupils of the Warner Graded School visited the library for a story-hour. The librarian and Mrs. Sawyer read stories from some of the new books.

We have had two film programs this year. At Easter and Christmas films were shown to pre-school children and their mothers. These programs have been very successful and were greatly enjoyed by the children. At each program we included several stories fitting to the season.

The members of the Civic Improvement Committee of the Warner Woman's Club again had the living Christmas tree lighted at the library.

The total of books loaned this year was 7,149. 163 new books have been added.

For donating books, magazines, pamphlets, and pictures we wish to thank the following: Mrs. James Manry, Future Farmers Chapter of Simonds Free High School, Mr. Douglas Anderson, Mrs. Ethel Craig, Mrs. Chester Gooch, Mr. John P. H. Chandler, Mr. Walter Miner, Miss Tama Hamilton, Mrs. Helen Lord, Mrs. Arthur Friel, Miss N.

Sibley Wilkins, Mrs. Fred Creed, Mrs. Henry Cosgrove,
Mr. and Mrs. R. Longshore.

The trustees have met in the library for all their regular
meetings.

Respectfully submitted,

MRS. IRVING A. GEORGE,
Librarian

There were quite a few changes in our teaching staff in Warner this year as a series of circumstances depleted our staff. Mrs. Patricia Kelley is the new Commercial teacher and girls' basketball coach, replacing Mrs. Mildred White who gave up active teaching. Mr. David Wilson is the new Shop teacher, replacing Wendall Austin, the Vocational Agriculture teacher, who is now in the Army. Mr. Donald Finley is the new Math teacher replacing Miss Betty Otten who received a very attractive offer of a fellowship on the west coast. Mrs. Paula Smith replaced Mrs. Sally Coen who resigned just before school started due to a nervous breakdown. Mr. Peter Lovejoy is the extra teacher employed this year and does most of his work in the Science field. We have one change in the Elementary School. Mr. Donald Bennett was employed to replace Mrs. Chapin who also had to resign just before school opened in the fall. Mr. Bennett was given the sixth grade to teach and Mrs. Pillsbury, ever willing to cooperate, took over the fifth grade.

With such a large change in our teaching staff we were fortunate in getting a good staff of teachers and, with experience, they will be even better. We should make every effort to maintain a continuity in the staff. Beginning salaries for next year will range from \$3800-\$4000 so we have to make adjustments for some of our experienced

teachers as well as provide regular increases for our teachers.

The School Board has one problem that they are going to ask the budget committee to help them solve. The Board's intention, in accordance with plans of the Building Committee, was to sell the bonds after July 1, 1959 so that the first principal payment would be made in the school year 1960-61. Through some error at the bank the bonds were sold June 15, 1959 which makes the first payment of \$8,000 due on June 15, 1960, plus \$1980 interest, an item the board did not provide for in the 1959-1960 budget. We found the mistake in time to get the building aid of \$2700, but it is going to leave us short of money in June.

The building program goes slowly and we were disappointed that we couldn't get moved into the new space after Christmas. Now we will be waiting patiently for whatever date the building will be ready. We sure can use the space.

There is still some work being done on the Cooperative School in the New London area, but apparently it has not been quite so active as last year. In order to survive, Simonds must have tuition pupils and if we are going to have to compete with New London for pupils, we have got to continue to operate the kind of school which will attract the tuition pupils. We can't take them for granted and we have got to continue to sell Simonds to the sending towns, particularly Bradford, Newbury and Webster.

As I mentioned previously, we will get some state financial assistance this year in the form of building aid. This is a very small amount compared to our total budget. According to figures recently issued by the National Education Association, state financial assistance to schools ranges from 88% in Delaware to 7% in Nebraska. New Hampshire spends about 9½% and stands 49th out of 50 states. This means that property tax must pay slightly over 90% of school costs. So a tax that has been out of date for well over fifty years carries the great bulk of the financial burden and leads one to ask, "How Long! Oh Lord, How Long?"
